

Taking Back Control

Sparta

This home (this home)
This place
It turns its back on time and space
We hope, (we hope)
You pray
But today is still today

Oh we ran ourselves
Ragged
And all these broken backs
Tragically

We tried (we tried)
You failed
Another mark you left in hell
This cut (this cut)
Will run
But the guilt has just begun

Oh we ran ourselves
Ragged
And all these broken backs
Tragically

The future bleeds
All these wasted seeds
Don't let it go
We're taking back control
The future bleeds
All these wasted seeds
Don't let it go
We're taking back control

This hole (this hole)
You told
Left blood on every door
We hope (we hope)
You find
Tragedy will change your mind

Oh we ran ourselves
Ragged
And all these broken backs
Tragically

The future bleeds
All these wasted seeds
Don't let it go
We're taking back control
The future bleeds
All these wasted seeds
Don't let it go
We're taking back control

Take control

The future bleeds
All these wasted seeds
Don't let it go
We're taking back control
The future bleeds
All these wasted seeds
Don't let it go
We're taking back control
