

# Little of Your Time

## Maroon 5

I'm sick of picking the pieces  
And second-guessing my reasons  
Why you don't trust me  
Why must we do this to one another? We are just passionate lovers  
With trouble under the covers  
Nothing worse than when  
You know that it's over I just need a little of your time  
A little of your time  
To say the words I never said  
I just need a little of your time  
A little of your time  
To show you that I am not dead  
Please don't leave, stay in bed  
Touch my body instead  
Gonna make you feel it  
Can you still feel it?  
Gonna make you feel it  
Can you still feel it? Well I got nothing to hide  
Dip down and come for a ride  
Embrace a devil, so sly  
You cannot hear 'em coming 'Cause my defenses are weak  
I have no breath left to speak  
So take the evidence  
And bury it somewhere  
I just need a little of your time  
A little of your time  
To say the words I never said  
I just need a little of your time  
A little of your time  
To show you that I am not dead Please don't leave, stay in bed  
Touch my body instead  
Gonna make you feel it  
Can you still feel it?  
Gonna make you feel it  
Can you still feel it? Oh my, I don't mind  
Being the other guy  
Nice try, for these games  
I do not have the time  
If you want me, call me  
Come and take a risk  
Kiss me somewhere deep below the surface I just need a little of your time  
A little of your time

To say the words I never said  
I just need a little of your time  
A little of your time  
To show you that I am not dead Please don't leave, stay in bed  
Touch my body instead  
Gonna make you feel it  
Can you still feel it?  
Gonna make you feel it  
Can you still feel it?  
Gonna make you feel it  
Can you still feel it?  
Gonna make you feel it  
Can you still feel it?
