

Lucky Strike

Maroon 5

You're such a motivator, I gotta get you where
So sick of saying yes sir, yes sir
You're such an instigator, you wanna play the game
Take it or leave it, that's her, that's her
And I can't wait another minute
I can't take the look she's giving
Your body rocking, keep me up all night
One in a million
My lucky strikeGot me so high, and then she dropped me
But she got me, she got me, she got me bad
Took me inside and then she rocked me
She keep up all night, this is what it sounds like
Oh oh oh my lucky strike
Oh oh oh my lucky strike
Your body rocking, keep me up all night
One in a million, my lucky strikeStuck in an elevator, she take me to the sky
And I don't wanna go down, go down
She said i'll feel you later, go ahead and fantasize
She make me want her right now right nowAnd I can't wait another minute
I can't take the look she's giving
Your body rocking, keep me up all night
One in a million
My lucky strikeGot me so high, and then she dropped me
But she got me, she got me, she got me bad
Took me inside and then she rocked me
She keep up all night, this is what it sounds like
Oh oh oh my lucky strike
Oh oh oh my lucky strike
Your body rocking, keep me up all night
One in a million, my lucky strikeHey, you're taking all my pain away
You're shaking like an earthquake
Hey, you're taking all my pain away
You're shaking like an earthquakeGot me so high, and then she dropped me
But she got me, she got me, she got me bad
Took me inside and then she rocked me
She keep up all night, this is what it sounds like
Oh oh oh my lucky strike
Oh oh oh my lucky strike
Your body rocking, keep me up all night
One in a million, my lucky strike
My lucky strike, my lucky strike
Your body rocking, keep me up all night

One in a million
