

Sittin' Pretty

Dustin Lynch

She was sittin' pretty close
I was gettin' warmer
She was all chery lips sippin' ice water
All I was thinkin' 'bout
Was faster, faster faster, faster I was actin', who cares
But my mind was schemin'
How to get her starrin' in some
Nighttime dreamin' Makin' up true lies
And gettin' her believin'
I was gettin' her believin' Sittin' on my truck seat
Sittin' on my porch swing
Didn't even care
She was out of my league
I was sittin' pretty cool country boy
Lookin' big city
She was up for some down home
Back road nitty gritty Hottest girl in the whole county
Sittin' next to me, sittin' pretty Friday night full moon
Howling at the river
Lookin' for the heaven
Only love can deliver All I was thinkin' 'bout
Was all I could give her
All I could give her
Sittin' on eighteen goin' on forever
Neither one of us ever knew better
I was sittin' pretty cool country boy
Lookin' big city
She was up for some down home
Back road nitty gritty Hottest girl in the whole county
Sittin' next to me, sittin' pretty We were ridin' on a roll tide
Feelin' it flowin', it was all good
Wherever we were goin', ooh yeah
