

# Breeze Off the Pond

Justin Timberlake

[Chorus]

Like breeze off the pond

Or trees on the lawn

Wind is always there, they're saying it's just air

Let it blow through you

Don't let it move you [Verse 1]

Grass is greenest when you're here with me, okay, mmm

If what they got is all good then why would they trade

No we are in the zone and we ain't gonna let it go, no way

(No we ain't gonna let it go, gonna let it go)

What we got is solid as oak so you know it'll never blow away [Chorus]

Like breeze off the pond

Or trees on the lawn

Wind is always there, what they're saying it's just air

Let it blow through you

Don't let it move you

[Verse 2]

Now the sun dances across the sparkly waves, yeah

While we're canoeing, stoned as "Tiny Dancer" plays

Huff and puff all they want, but this house isn't made of straw

What we got is solid as oak so you know it'll never blow away [Chorus]

Like breeze off the pond

Or trees on the lawn

Wind is always there, what they're saying it's just air

Let it blow through you

Don't let it move you

Like breeze off the pond

Or trees on the lawn

Wind is always there, what they're saying it's just air

Let it blow through you

Don't let it move you

[Refrain]

You and I against the world

Against the world, against the world

You and I against the world and everything it comes with

No denying what you're worth

What you're worth, what you're worth

I'd be foolish beyond words to lose you

What I'd look like trying to hide my life

One of those guys, I was taught you should keep it low

Nuh-uh, want a billboard space with a big ol' sign

You could see it from the highway

What I'd look like trying to hide my life  
One of those guys, I was taught you should keep it low  
Nuh-uh, want a billboard space with a big ol' sign  
You could see it from the highway, uh[Chorus]  
Like breeze off the pond  
Or trees on the lawn  
Wind is always there, what they're saying it's just air  
Let it blow through you  
Don't let it move you[Refrain]  
You and I against the world, against the world, against the world  
You and I against the world, and everything that comes with  
No denying what you're worth, what you're worth, what you're worth  
I'd be foolish beyond words to lose you  
What I'd look like trying to hide my life  
One of those guys, I was taught you should keep it low  
Nuh-uh, want a billboard space with a big ol' sign  
You could see it from the highway, uh  
What I'd look like trying to hide my life  
One of those guys, I was taught you should keep it low  
Nuh-uh, want a billboard space with a big ol' sign  
You could see it from the highway, uh
