

# Beautiful Creatures (feat. MAX)

## Illenium

Can't see the stars but we're reaching  
Trying to get through the dark on a feeling  
Lost our gravity now we're weightless  
But I know in my heart we can take this We got monsters in our closets  
Had a reason but we lost it  
No direction  
We've been calling  
Through the night  
Through the night  
If love is a lie  
Then what do we need it  
We swear we're alive  
But we're falling to pieces  
We fight like lions  
We howl at the moon  
We should be flying  
Instead we bury the truth  
But I know inside  
We're beautiful creatures  
(Beautiful)  
We're beautiful creatures When your highs are low, keep the faith yeah  
'Cause you know that a life's never wasted  
Standing tall  
Shaking off the dust  
Now we know, now we know  
What we're made of  
We got monsters in our closets  
Had a reason but we lost it  
No direction  
We've been calling  
Through the night  
Through the night If love is a lie  
Then what do we need it  
We swear we're alive  
But we're falling to pieces  
We fight like lions  
We howl at the moon  
We should be flying  
Instead we bury the truth  
But I know inside  
We're beautiful creatures  
(Beautiful)

We're beautiful creatures  
(Beautiful)  
We're beautiful creatures  
We're beautiful creatures
