

Maybe

Alina Baraz & Galimatias

[Verse 1]

What do I do
When there's too much of me, too little of you?
What can I say
When I know you're not here to stay?
I can't explain something I don't understand
Why did I let this get out of hand?

[Chorus]

Maybe I'll get you out of my head
Maybe I'll forget all the things you said
Lies on your lips but there's love in your eyes
Maybe I'll forget you some other time

[Verse 2]

Why do I let you cross the line every time?
Why do I stay if I know you're not mine?
Right on your skin I know that love used to glow
How can I let you go if I know I'm so close?

[Chorus]

Maybe I'll get you out of my head
Maybe I'll forget all the things you said
Lies on your lips but there's love in your eyes
Maybe I'll forget you some other time

[Outro]
