

Special to Me

Bobby Caldwell

You are so special to me
Loving you was surely meant to be
And when I'm feeling blue, you hold me close
You've always been so special to me When I think about my life
Before I met you
I'd wake up to this loneliness
And long for someone new You have been the reason
For me to carry on
I can't imagine life at all
If your love was gone You are so special to me
Loving you was surely meant to be
And when I'm feeling blue, you hold me close
You've always been so special to me
When we're together
There's nothing we can't do
There can be no other
I would compare with you You have been the reason
For me to carry on
I can't imagine life at all
If your love was gone You are so special to me
Loving you was surely meant to be
And when I'm feeling blue, you hold me close
You've always been so special to me There could never be another love for me
'Cause you made my dreams come true
Love until the end, we'll be lovers, best of friends
Stay with me, eternally
You are so special to me
Loving you was surely meant to be
And when I'm feeling blue, you hold me close
You've always been so special to me You are so special to me
Loving you was surely meant to be
And when I'm feeling blue, you hold me close
You've always been so special to me You are, special to me
You are, special to me
