

# Shadows of Love (feat. Heidi Rojas)

Sam Feldt

Sorry, I'm not sorry  
I don't regret a single mistake  
You're worth every heartache  
Wouldn't try to avoid the grenades  
It's a beautiful explosion  
Can't walk away

Now we're standing in the shadows of love  
I guess everything just wasn't enough  
We'll say we could've tried harder  
We'll pray 'til we're out of the dark  
Now we're standing in the shadows of love  
Now we're standing in the shadows of love  
I guess everything just wasn't enough  
We'll say we could've tried harder  
We'll pray 'til we're out of the dark  
Now we're standing in the shadows of love  
Torn apart  
Torn apart  
Now we're standing in the shadows of love

Sorry, I'm not sorry  
I don't regret a single mistake  
You're worth every heartache  
Wouldn't try to avoid the grenades  
It's a beautiful explosion  
Can't walk away

Now we're standing in the shadows of love  
I guess everything just wasn't enough  
We'll say we could've tried harder  
We'll pray 'til we're out of the dark  
Now we're standing in the shadows of love  
Now we're standing in the shadows of love  
I guess everything just wasn't enough  
We'll say we could've tried harder  
We'll pray 'til we're out of the dark  
Now we're standing in the shadows of love  
Torn apart  
Torn apart  
Now we're standing in the shadows of love

Now we're standing in the shadows of love  
I guess everything just wasn't enough  
We'll say we could've tried harder  
We'll pray 'til we're out of the dark  
Now standing in the shadows of love
