

# Wish You Wouldn't

NF

[Verse 1]

We gotta talk about things  
We gotta do something different  
'Cause this isn't working, this isn't working  
I don't, I don't know if I can do this  
Riding 'round the city, baby  
I know you wish you could change me  
Why you mad? Girl, why you angry?  
Yeah, why you angry?  
Back and forth, you love you hate me  
Arguing about the same things  
I don't, I don't know if I can do this  
I don't, I don't know anymore, baby I don't know anymore

[Chorus]

I wish you didn't say things, I wish you didn't say things  
That you don't mean, that you don't mean  
I wish you didn't say things, I wish you didn't say things  
That you don't mean, that you don't mean

[Verse 2]

Yeah, I mean she wants somebody that's working a 9-to-5  
I apologize, but those ain't my hours, yeah you never been with a man  
Who's working this kinda job, who works with this kind of drive, I wouldn't be with me either  
Hold up, yeah I think that's work on the other line, I gotta go, we can argue some another time  
Hang up the phone, I regret it right after  
This is the chance that I just couldn't pass up  
See I signed a deal, you said I should've asked ya  
I guess I was scared to see how you reacted  
Or maybe I knew I'd be selfish  
These are the things I ain't proud of  
It's always the type to get jealous, there's always two sides of the story  
And you're not the one that I blame when I tell it, that's real, yeah  
You ain't the one, you ain't the one  
I mean I should've manned up and that's hard to say as a man  
The older I get the more I understand a relationship's more than just holding her hand  
I'm sorry, you can blame me, yeah, you can blame me

[Chorus]

I wish you didn't say things, I wish you didn't say things

That you don't mean, that you don't mean  
I wish you didn't say things, I wish you didn't say things  
That you don't mean, that you don't mean

[Verse 3]

What's going on?

I just wanna feel something, I just wanna feel something  
There's too many things I'm tryna deal with  
And I understand that you don't feel this  
I said there's too many things I'm tryna deal with (No)  
And I understand I'm hurting your feelings  
I know you don't feel this, yeah (Baby)  
I'm just expressing the way that I'm feeling  
The things that I'm trying to deal with  
I guess I've been trying to hold it all inside  
But it's obvious that that ain't working  
Yeah it's obvious that that ain't working  
The only thing we got in common  
Is that we got nothing in common (Woo!), baby
