

# Focus (feat. L Marshall)

## Life Of Dillon

Said I might lose my way  
But I won't lose myself, yeah  
It's your life you can live how you want  
But don't blame it on no one else Mum told me it was over, but I didn't listen  
Right until the end I kept being optimistic  
10 years could pass and I would feel no different  
Hole in my heart, no one else can fill it  
I wish you got to go to Barbados  
Five stars, now they finally paid us  
I'm working hard so that you see me winning  
Mums I will always miss you  
Why do I have to have another angel on my side?  
I can't work it out, no matter how many times I try  
I can't work it out, no matter how many times I try  
Said I might lose my way  
But I won't lose myself, yeah  
It's your life you can live how you want  
But don't blame it on no one else  
We all lose some, win some  
And sometimes we all need help  
But do what you do  
It's your life you can live how you want  
But don't blame it on no one else Just another year, tryna be a billionaire  
I tryna stay focus, while I'm filling with fears  
Missing my mother, my father and brothers  
My sister and friends  
And every year it gets tougher  
Stuck on the stairs, but I'm not good with prayers  
So I wear a hat to cover up, my ginger hair 'cause  
If they could see me, they'd see I'm receding  
And that one step back, will knock you off your feet and  
If you get up, well remember what's up, yeah  
The reason you believe in losing all that you got  
I gave my heart to another, now it's borrowed a lot  
Been counting change in my pocket, never noticed I lost  
Everything that I live for, everything that I was  
Sometimes you never know what you've got  
Until it's gone, until it's gone  
Said I might lose my way  
But I won't lose myself, yeah  
It's your life you can live how you want  
But don't blame it on no one else

We all lose some, win some  
And sometimes we all need help  
But do what you do  
It's your life you can live how you want  
But don't blame it on no one else So why you focused on them?  
And why you talking 'bout me?  
You should be thinking 'bout you  
Before it's too late to...  
Instead of thinking 'bout them  
Instead of talking 'bout me  
Maybe focus on you  
Oooh-oooh-oooh Said I might lose my way  
But I won't lose myself, yeah  
It's your life you can live how you want  
But don't blame it on no one else  
We all lose some, win some  
And sometimes we all need help  
But do what you do  
It's your life you can live how you want  
But don't blame it on no one else  
Said I might lose my way  
But I won't lose myself, yeah  
It's your life you can live how you want  
But don't blame it on no one else  
We all lose some, win some  
And sometimes we all need help  
But do what you do  
It's your life you can live how you want  
But don't blame it on no one else...
