

My Cell

The Lumineers

Falling in love is wonderful
Falling in love is so alone
My cell
My pretty little cell Painted windows there for me
Painted windows so I can see Falling in love is wonderful
Falling in love is so alone
My cell
My pretty little cell Painted windows is who I see
Painted windows are for me My cell
My pretty little cell My cell
My pretty little cell
My cell, All alone, My pretty little cell *repeat until end*
