

I Can't Lose (feat. Keyone Starr)

Mark Ronson

Oh yeah, alright
Oh yeah, all night When I met you last night, baby
And you let me roll the dice
You said I'd be your lucky lady
I hit those numbers all night I can't lose, I can't lose
When I'm 'round you
I can't lose, I can't lose
Now that I found you
Oh yeah, uuh alright
I can turn your luck around, baby
Ain't no hotter hand in town
Come and stake your love on me
Come lay it on the line
I bet you never felt this way before
I bet you never seen so much action on the floor
Rollin' fever I'm on fire
And tonight I'm going wild
You got to be my ace in the hole I can't lose, I can't lose
When I'm 'round you
I can't lose, I can't lose
Now that I found you Oh yeah, uuh alright
Oh yeah, uuh all night
Oh yeah, uuh alright
Oh yeah, uuh all night
I can't lose, I can't lose
When I'm 'round you
I can't lose, I can't lose
Now that I found you Oh yeah, alright
Oh yeah, all night
Oh yeah, alright
Oh yeah, all night
