

# LSD

## Ghastly

[Intro]

Here's part of an interview with a subject just before LSD to be administered

[Break]

I can see everything in color  
Everything is so beautiful and lovely and... and alive!  
This is reality  
Can't you feel it?

[Pre-Drop]

Here's part of an interview with a subject just before LSD to be administered  
Can't you feel it?

[Drop]

Can't you feel it?  
Can't you feel it?

[Breakdown]

What does this song means to you?  
I've never seen such an infinite beauty in my life  
I-I'm part of it  
This is reality  
Can't you feel it?

[Pre-Drop]

Here's part of an interview with a subject just before LSD to be administered  
Can't you feel it?

[Drop]

Can't you feel it?  
Can't you feel it?  
Everything in color

[Outro]

I-I'm part of it  
Can't you see it?

I'm trying
