

Cheapskate

Oliver Tree

[Chorus]

A night robber stopped me on the freeway
No cash, baby, I'm a cheapskate
Worked a graveyard shift on the weekday
Split my wallet and my heart into three ways

A night robber stopped me on the freeway
No cash, baby, I'm a cheapskate
Worked a graveyard shift on the weekdays
Split my wallet and my heart into three ways

A night robber stopped me on the freeway
No cash, baby, I'm a cheapskate
Worked a graveyard shift on the weekdays
Split my wallet and my heart into three ways

[Verse]

No sleep, I don't get rest
But I always try my best
And it feels like I'm obsessed
Yet somehow you're not impressed
No sleep, I don't get rest
But I always try my best
And I tend to get upset
When you waste the dollar signs I invest

[Chorus]

A night robber stopped me on the freeway
No cash, baby, I'm a cheapskate
Worked a graveyard shift on the weekday
Split my wallet and my heart into three ways

A night robber stopped me on the freeway
No cash, baby, I'm a cheapskate
Worked a graveyard shift on the weekdays
Split my wallet and my heart into three ways

[Outro]

Got me working to the bone

It's when I show my truest colors though

Got me working to the bone
It's when I show my truest colors though

Got me working to the bone
It's when I show my truest colors though
