

# Hard to Breathe

## Hawthorne Heights

[Verse 1]

I saw the glimmer of a silhouette  
The part of me that died had just come back  
Empty visions in a parking lot  
I spent my whole life lying, I just got caught  
Cold and dark by the riverside  
I search for answers at night I've got nowhere to hide  
I've got bruises beneath these ripped up jeans, I'm tired of this old life

[Chorus]

Where were you when I needed you the most?  
When it got dark and I got cold  
You were never there when I got home  
The streetlights sing just like a curse  
You only seem to make things worse  
Now it's getting hard to breathe  
The streetlights sing me fast asleep

[Verse 2]

I spent my summers catching fireflies  
The part that flickered bright had just now died  
My innocence stopped making sense  
I've got no place left to hide

[Chorus]

Where were you when I needed you the most?  
When it got dark and I got cold  
You were never there when I got home  
The streetlights sing just like a curse  
You only seem to make things worse  
Now it's getting hard to breathe  
The streetlights sing me fast asleep

[Bridge]

The streetlights sing but the flashlights won't bring you home  
Bring you home  
The streetlights sing but the flashlights won't bring you home  
Bring you home

[Outro Chorus]

Where were you when I needed you the most?  
When it got dark and I got cold  
You were never there when I got home  
The streetlights sing just like a curse  
You only seem to make things worse  
Now it's getting hard to breathe  
The streetlights sing me fast asleep  
Now it's getting hard to breathe  
The streetlights sing me fast asleep  
The streetlights sing me fast asleep
