

Detroit Made

[Bob Seger](#)

Detroit Made
Got me a duce and a quarter babe
She will ride you right
Pick you up bout half past nine
We can drive all night
Came up from the country baby
sh*t was where I stayed
Got me a duce and a quarter babe
Thats all I gotta say
She a Detroit made, duce ad a quarter babe
She a Detroit made, duce ad a quarter babe They watch you all the work
So she cant ride in style
Leather on those bucket sits, carpet double pie
Crome will take the moonlight on see the shining sea
You can see those glass pipr rumble
To the Statues of Liberty She a Detroit made, duce and a quarter babe
She a Detroit made, duce and a quarter babe Now when I first got out of high school
I drove an old fine truck
All the girl they walk right by me
Didnt even say good luck
Now I ride my 225 they all wanna be my friend
Ill pick you up later tonight now babe
If you can wait til then
She a Detroit made, duce and a quarter babe
She a Detroit made, duce and a quarter babe
Detroit made, duce and a quarter babe
Detroit made, duce and a quarter babe Just about every cat I know
Wants him and coped the ville
I pay half of price, I get twice as nice
And they still have to pay that bill
I cant say everythings ok ridin in my car
But I got me a duce and a quarter baby
She goes like a shotin star She a Detroit made, duce and a quarter babe
She a Detroit made, duce and a quarter babe
Detroit made, duce and a quarter babe
Detroit made, duce and a quarter babe
