

Holes in the Sky (feat. HAIM)

M83

Arms to the ground
Far from the rivers
Grace in our tears
High on a fever
Somebody heal me from my pain
I'm reaching closer
My stars dive lower
Filling up lost memoriesHoles in the sky
Pierced by the fire
Somebody tell me this is real
Hands to the sky, I am a dreamer
We build the hope
We are believers
Somebody free me from my chains
I'm reaching closer
My stars dive lower
Filling up my memoriesHoles in the sky
Pierced by the fire
Somebody pull me from the dark
Arms to the ground
Far from the rivers
Somebody heal me from my painHands to the sky (hands to the sky)
I am a dreamer (I am a dreamer)
Somebody free me from my chains (free me from my chains)
