

Bummin' Cigarettes

Maren Morris

[Verse 1]

I need to get more sleep
I been stayin' up all night
Maybe when I drink, I need to stick to red wine
I need to pick up the phone
See what's going on back home
Just admit, when I'm with him, I still feel alone

[Chorus]

I been going down a road
That's a little too traveled
I should find the common thread
That makes it all unravel
Like laying down my dollar
Just for a temporary high
I gotta quit bummin' cigarettes
From the wrong guys

[Verse 2]

I should slow this train
And take my own advice
Stop saying that some day, gonna make it right
It's just a red light, it's just a wrong turn
Another drag on a Friday night
It's about time I learned

[Chorus]

I been going down a road
That's a little too traveled
I should find the common thread
That makes it all unravel
Like laying down my dollar
Just for a temporary high
And I gotta quit bummin' cigarettes
From the wrong guys

Oh

[Chorus]

I been going down a road

That's a little too traveled
I should find the common thread
That makes it all unravel
Like laying down my dollar
Just for a temporary high
And I gotta quit bummin' cigarettes
From the wrong guys

[Outro]
Stop laying down my heart
And find my own light
I got to quit bummin' cigarettes
From the wrong guys
