

Campus

Bastille

Just another brain on the campus
Just another man in the field
Just another tall pile of papers
Making it crowded in here
Someone else's workin' your thesis
Someone else's words in your mouth
Someone else's hard work and research
Taking you up in the world Oh, never leave me out
I stand by the sidelines
Oh, never leave me out
I'm standing by
I'll watch it all from afar
Heaven, help me
I'll watch it all fall apart
Heaven, help me
Help me, help me, help me, help me
I'll watch it all from afar
Heaven, help me Just another brain on the campus
Just another set of ideas
Just another very emotion
Waiting for you to steal
He must be so lonely,
Knowing what you know
Man, it must be lonely,
Keeping it on the low
Oh, never leave me out
I'm standing by the sidelines
Oh, never leave me out
I'm standing by I'll watch it all from afar
Heaven, help me
I'll watch it all fall apart
Heaven help me
Help me, help me, help me, help me
I'll watch it all from afar
Heaven, help me I'll watch it all from afar
Heaven, help me
I'll watch it all fall apart
Heaven, help me
Help me, help me, help me, help me
I'll watch it all fall apart
Heaven, help me
