

Anymore

Ella Mai

[Chorus]

You don't need to call anymore
Don't fuck with you at all anymore
You don't need to stall anymore, anymore
We don't keep in touch anymore
'Cause we ain't in love anymore
Anymore, anymore, anymore, anymore, anymore

[Verse 1]

Used to be the one for me baby, baby
Used to be the one, used to be the one, be the one, babe
You been switching up on me lately, lately
You been switching up, you been switching up, switching up, babe

[Pre-Chorus]

All facts, all facts
So I'ma hit the club all trap, all trap
Pull up in the luxe all black, all black
Crush up this bud, like yeah, yeah, yeah
Without you baby
Aw man, aw man
Now you acting up goddamn, goddamn
Got me criss-cross, fall back, fall back
Told you from the jump
Jump, I can't do bad, bad, bad
Without you baby

[Chorus]

This drama's getting old
Need to let it go
Different episode, same old show

[Pre-Chorus]

All facts, all facts
I'ma hit the strip all trap, all trap
Make these bitches rich all cash, all cash
Toke on this blunt like yeah, yeah, yeah
Without you baby

[Chorus]

You don't need to call anymore
Don't fuck with you at all anymore
You don't need to stall anymore, anymore
We don't keep in touch anymore
'Cause we ain't in love anymore
Anymore, anymore, anymore, anymore, anymore

[Verse 2]

You were like a drug, had me wavy, wavy
You were like a drug, you were like a drug, like a drug, babe
I don't feel the buzz no more baby, baby
I don't feel the buzz, I don't feel the buzz, feel the buzz, babe

[Pre-Chorus]

All facts, all facts
So I'ma hit the club all trap, all trap
Pull up in the luxe all black, all black
Crush up this bud, like yeah, yeah, yeah
Without you baby
Aw man, aw man
Now you acting up goddamn,, goddang
Got me criss-cross, fall back, fall back
Told you from the jump
Jump, I can't do bad, bad, bad
Without you baby

[Pre-Chorus]

Make these bitches rich all cash, all cash
Toke on this blunt like yeah, yeah, yeah

[Chorus]

So I ain't gonna call anymore
Don't fuck with you at all anymore
I ain't gonna fall, anymore, anymore
You won't feel my touch anymore
