

Never Been In Love (feat. Icona Pop)

Cobra Starship

Na na na na na
Na na na na na Hey! Tell me if I'm crazy
But when you come around-round
It's kind of amazing
My head goes through the clouds
Above the rain and
I'm never comin down-down
Now that you saved me, baby That stupid party talked outside
Walked to your place stayed up 'til 5
You'd never think a random night could change your life! I know now I've never been in love
before
I know now I've never been in love before you
I know now I've never been in love before
I know now I've never been in love before you
Na na na na na (ooh ooh)
Na na na na na (ooh ooh) Hey! It's fire and magic
But when you go away-way
It's like the Titanic
I'm split up into pieces in the Atlantic
So baby won't you stay stay cus I gotta have it, have it That stupid party talked outside
Walked to your place stayed up 'til 5
You'd never think a random night could change your life! I know now I've never been in love
before
I know now I've never been in love before you We all need a light in the dark
Come and spend the night in my heart
We all need a light in the dark
Come and spend the night
Hey! Tell me if I'm crazy
But when you come around-round
It's kind of amazing
My head goes through clouds
Above the rain and
I'm never comin down-down
Now that you saved me, baby I know now I've never been in love before
I know now I've never been in love before you Na na na na na (ooh ooh)
Na na na na na (ooh ooh)
Na na na na na (ooh ooh) I know now I've never been in love before you We all need a light in
the dark
Come and spend the night in my heart
We all need a light in the dark
