

Sensational

Sam Feldt

[Verse 1]

Love sensation
Ooh, it's got me in its spell
It's such a good vibration
A feeling that I knew so well
And when you hold me close so it's, so, so, nice

[Pre-Break]

But you got me burning up with your love sensation
Love sensation, love sensation
You got me fill you up with your love sensation
Love sensation, love sensation

[Instrumental Break]

[Verse 2]

Sweet sensation
I can't find the words to explain
You're such a hot temptation
You just walk right in
And take me away, yeah
You got the kind of lips that touched me
What I feel tonight
And all I wanna say is, "Got you baby"

[Pre-Break 2]

Got you got me burning up with your love sensation
Love sensation, love sensation
You got me fill you up with your love sensation
Love sensation, love sensation
And all I wanna say is, "Got you baby"
Love sensation

[Instrumental Break]
