

# MONOPOLY

## Ariana Grande & Victoria Monét

[Intro: Ariana Grande]  
Yeah[Verse 1: Victoria Monét]  
I've been on the road, where you been?  
Real protective with my soul, where you been?  
Is your GPS even on, where you been?  
Matter of fact, I don't even care where you been[Chorus: Victoria Monét]  
Bad vibes, get off of me  
Outta here with that fuckery  
Treat my goals like property  
Collect them like Monopoly  
I probably won't come if there's not a fee  
And if they try come stoppin' me  
I swerve both ways, dichotomy  
[Post-Chorus: Victoria Monét & Ariana Grande]  
I like women and men (Yeah)  
Work so fuckin' much, need a twinny, twin, twin  
How you hit the club and you barely got in?  
Then we hit the bank, making them investments for the win, oh[Verse 2: Ariana Grande]  
Said, I been on the road, where you been? (Where you been?)  
Real protective with my soul, where you been? (Where you been?)  
Is your GPS even on, where you been? (Where you been?)  
Matter of fact, I don't even care where you been[Chorus: Ariana Grande]  
Bad vibes, get off of me  
Outta here with that fuckery  
Treat my goals like property  
Collect them like Monopoly  
I probably won't come if there's not a fee  
And if they try come stoppin' me  
I show them my discography (Yeah, yeah)  
[Post-Chorus: Ariana Grande]  
I like women and men (Yeah)  
Work so fuckin' much, need a twinny, twin, twin (Hey)  
You'd be straight for life if I gave you my PIN (Yeah)  
Even though we gave up that 90% for the win, go[Verse 3: Victoria Monét & Ariana Grande]  
I've been on the road, where you been? (Where you been?)  
Real protective with my soul, where you been? (Where you been?)  
Is your GPS even on, where you been? (Where you been?)  
Matter of fact, I don't even care where you been[Bridge: Ariana Grande]
