

Zion

Kings Kaleidoscope

[Verse 1]

Maybe someday we'll meet under the stars
Healed and home free, complete, that's where we'll start
That's where we'll start

[Hook]

Zion, I'm coming soon to where you are
'Til then my love's with you, though worlds apart

[Verse 2]

This will take much longer than I've planned, than I've planned
But I will wait to see you, and hold your hands
Hold your hands

[Hook]

Zion, I'm coming soon to where you are
'Til then my love's with you, though worlds apart

[Verse 3]

Waiting each day, God will comfort my soul
You are home now, healthy, safe in His fold
Safe in His fold

[Hook]

Zion, I'm coming soon to where you are
'Til then my love's with you, though worlds apart
Beyond this storm's a brilliant sky of stars
I'll follow you
