

You in the Sky

The Waterboys

You alone of all
You in the sky
I wanna know why clouds
Come in between You and I
You alone of all
You in the sky
I wanna know why clouds
Come in between You and I
Let me know You
Lover woo me
Open up my heart
And sing Your song right through me
Let me know You
Lover woo me
Open up my heart
And sing Your song right through me
You alone of all
You in the sky
I wanna know why clouds
Come in between You and I
Between You and I
You alone of all
You alone of all
You alone of all
You in the sky
You in the sky
You in the sky
I wanna know
I wanna know
I wanna know
Why clouds
Why clouds
Why clouds
Come in between
Come in between
Come in between You and I
You alone of all
You in the sky
I wanna know why clouds

Come in between You and I
