

It's Not Just Make Believe

Kari Kimmel

[Intro]

Hey yeah!
Ohh~ yeah!
Ohh yeah!
Yeah yeah!

[Verse 1]

I thought that I was too old to believe in fairy tales
But there's a letter from you waitin' when I check my mail
I start to shakin' like a 7 on the Richter scale
When you say you love me

Look in the mirror and I'm not who I used to be at all
It's coming clearer!

[Chorus]

I'm Cinderella at the ball, I'm Alice growing 10 feet tall
It's not just make believe
Here comes the prince's kiss, I'm positive the slipper fits
It's not just make believe

[Verse 2]

It started out like just another ordinary day
Now suddenly my life is different in every way
The sun is brighter and my happiness is here to stay
It's like I'm dreaming

Thank you for showing me that true love doesn't hurt when you fall
You got me glowing!

[Chorus]

I'm Cinderella at the ball, I'm Alice growing 10 feet tall
It's not just make believe
Here comes the prince's kiss, I'm positive the slipper fits
It's not just make believe

[Bridge]

Whenever, wherever
Forever I'll be with you
We have it, it's magic

Ohh~!

Look in the mirror and I'm not who I used to be at all!
It's coming clearer

[Variation on Chorus 1]

I'm Cinderella at the ball, I'm Alice growing 10 feet tall
It's not just make believe
It's really happening, I feel so good I gotta sing!
It's not just make believe

[Chorus 2]

I'm Ariel above the sea, I'm Beauty dancin' with the Beast
It's not just make believe (It's not just make believe)
Here comes the prince's kiss I'm positive the slipper fits
It's not just make believe

[Outro]

Believe
Ohhh yeah
It's not just make believe (it's not just make believe)
Ohhh yeah yeah
Ohhh yeah
It's not just make believe~
