

# Happy

P!nk

[Intro]

Mmm, may—

Mmm, may—

[Verse 1]

Since I was 17

I've always hated my body  
And it feels like my body's hated me  
Can somebody find me a pill  
To make me un-afraid of me?

[Pre-Chorus]

Seen every therapist, but I'm a cynical bitch  
Don't like to talk about my feelings  
I take another hit, I find another fake fix  
'Cause it's easier than healing

[Chorus]

I don't wanna be this way forever  
Keep telling myself that I'll get better  
Every time I try, I always stop me  
Maybe I'm just scared to be happy

[Post-Chorus]

Mmm, may—

[Verse 2]

Since I was 22

I've been with somebody who loves me  
And I've been tryna believe it's true, mmm  
But my head always messes up my heart  
No matter what I do

[Pre-Chorus]

Seen every therapist, but I'm a cynical bitch  
Don't like to talk about my feelings  
I take another sip, I swear it's my last fix  
'Cause it's easier than healing

[Chorus]

'Cause I don't wanna be this way forever  
Keep telling myself that I'll get better  
Every time I try, I always stop me  
Maybe I'm just scared to be happy  
I don't wanna be this way forever  
Keep telling myself that I'll get better  
Every time I try, I always stop me  
Maybe I'm just scared to be happy

[Post-Chorus]

Mmm, maybe I'm just scared to be happy  
Mmm, maybe I'm just scared to be happy

[Bridge]

I'm so scared of having something to lose  
I'm scared of being somebody new  
I'm so scared of all them seeing the truth  
'Cause right now I've got nothing

[Chorus]

But I don't wanna be this way forever  
Keep telling myself that I'll get better  
Every time I try, I always stop me  
Maybe I'm just scared to be happy

[Post-Chorus]

Mmm, maybe I'm just scared to be happy (Maybe, yeah)  
Mmm, maybe I'm, I'm scared to be happy
