

# Spin You Around

Morgan Wallen

[Verse 1]

I've been lookin' at you from across the room  
'Bout time I got my nerve  
Well you might tell me "Boy hell naw"  
But hell what can it hurt?  
'Cause I just wanna

[Chorus]

Spin you around, around this dance floor  
Get you drunk on a love like mine  
Might wind up and steal a couple kisses  
Get your digits if I can find the right line  
And you don't do feelin's, and baby if you're willin'  
I'ma do my best to change your mind  
'Cause the way you stole my heart without a sign  
Girl it oughta be a crime

[Verse 2]

Got a pretty good feelin' I'm takin' you home  
Gonna love you with all I got  
But before we slip out into the night  
I just want one more shot  
To take your hand and

[Chorus]

Spin you around, around this dance floor  
Get you drunk on a love like mine  
Might wind up and steal a couple kisses  
Get your digits if I can find the right line  
And you don't do feelin's, and baby if you're willin'  
I'ma do my best to change your mind  
'Cause the way you stole my heart without a sign  
Girl it oughta be a crime

[Bridge]

I fought in some bars, broken some laws  
Ain't done nothin' this bad  
Yeah, with one look at me you became my disease  
They don't make no cure for that

[Chorus]

And I just wanna  
Spin you around, around this dance floor  
Get you drunk on a love like mine  
Might wind up and steal a couple kisses  
Get your digits if I can find the right line  
And you don't do feelin's, and baby if you're willin'  
I'ma do my best to change your mind  
'Cause the way you stole my heart  
Yeah, the way you stole my heart  
Yeah, the way you stole my heart without a sign  
Girl it oughta be a crime  
I just wanna spin you around tonight  
I just wanna spin you around tonight
