

# Down For Anything (feat. KARRA) [Club Radio Mix]

**Sam Feldt & MÖWE**

You, you are the reason I  
I know the world is here for me  
To get away, oh, like we did that night  
Yeah, we were lost, but we were free Then you said, "You wanna go for a little ride?" Yeah  
I said "I'mma be right there with you," oh  
You said, "I wanna go up a little higher" You know that I'm down, down, down, down for  
anything  
So down, down, down, down for anything  
I'm down, down, down, down for anything  
So down, down, down, down for anything  
For anything, ooh  
Down for anything Take, you take me in so deep  
Where no one's ever been before  
Beyond the moon, just like a masterpiece  
You leave me wanting nothing more, more, yeah You said, "You wanna go for a little ride?"  
Yeah  
I said "I'mma be right there with you," oh  
You said, "I wanna go up a little higher" You know that I'm down, down, down, down for  
anything  
So down, down, down, down for anything  
I'm down, down, down, down for anything  
So down, down, down, down for anything  
For anything, ooh yeah  
So down  
So down, down, down, yeah  
Down for anything  
Down for anything
