

Yet

Kehlani

[Hook]

Look, I ain't did shit to you yet
I ain't even shit on you yet
You ain't my enemy yet
But you ain't a friend to me yet
Don't recognize you
You ain't a friend to me yet
Don't recognize you
You ain't a friend to me yet

[Verse 1]

Now I see the fear and the threats
I see that it's hard to connect
I see niggas calling the rain
But the first to complain when they sneakers get wet
I see that I'm on some new shit
I see that it's something you hate
But what is not growing is dead
If you can't understand get the fuck out my face

[Bridge]

You want something from me that I'm just not offering
You wanna roll but you just not down for wandering
You got potential, you got that, got that
You gotta ride the wave, stop acting like that

[Hook]

Look, I ain't did shit to you yet
I ain't even shit on you yet
You ain't my enemy yet
But you ain't a friend to me yet
Don't recognize you
You ain't a friend to me yet
Don't recognize you
You ain't a friend to me yet

[Verse 2]

I can go on about days, days when I did it alone
Had to go from couch to couch
Now I am sleepin' on thrones

Time when my pockets was bare
Times when I just didn't eat
Times when my stomach was growling
My best friend and I went to sing on the street
I made a few dollars that day, I made 40 dollars the next
Now I hit the bank and I send out my auntie
A nice little depositâ€”a check
Now I'm hitting it on the road
They talking about I'm 'bout to blow
I use to get paid to hang up all the posters
But now I am packin' the show

[Hook]

Look, I ain't did shit to you yet
I ain't even shit on you yet
You ain't my enemy yet
But you ain't a friend to me yet
Don't recognize you
You ain't a friend to me yet
Don't recognize you
You ain't a friend to me yet
You ain't a friend to me yet (Yeah, yeah)
You ain't my enemy yet
You ain't a friend to me yet (Yeah)
