

Out Like That

Luke Bryan

You got me all caught up
The way you look tonight
We could head downtown or I can turn around up here on the right. Aw just look at this sky
The rain ain't far from fallin' down
And I wanna get to know you better than I know this little town.
Yes I do. I wanna feel your heart go tick tock
While the rain from your hair drip drops
Park down in the middle of nowhere
There's a place I can get up against your lips
That's where I gotta be with you looking like this
Let's get lost somewhere, anywhere we ain't gotta hold back
If we're gonna go out baby, let's go out like that.
And I'll grab your door
You can take my hand
Hop up on my shoulders and I'll walk us over where we can dance. And I'll leave the headlights
on
So I can see your face
Spin you around in the mud, soak it all up baby whatcha say, whatcha say. I wanna feel your
heart go tick tock
While the rain from you hair drip drops
Girl I'm talkin' country kinda crazy, yeah
Out where I can get up against your lips
That's where I gotta be with you looking like this
Let's get lost somewhere, anywhere we ain't gotta hold back
If we're gonna go out baby, let's go out like that.
I wanna feel your heart go tick tock
While the rain from your hair drip drops
Getting country kind of crazy in the middle of nowhere
Out where I can get up against your lips
That's where I gotta be with you looking like this
Let's get lost somewhere, anywhere we ain't gotta hold back
If we're gonna go out baby, let's go out baby. If we're gonna go out baby, let's go out like that!
Yeah girl that's where it's at.
Let's go out like that
