

Evergreen

Rence

(Come on)

I see the rain rain rain rain fallin'
I hear your name name name name callin'
I'm on my way way way way forward
So stay off my lane
Oh please say off my

I was up for three days
All of them were weekdays
None of them were easy, trust me
Man I wrote you these days
Still no fucking leeway
Had to call Phillipe (Oh please)
Thank God he was on the same page (same page)
Told me "Yeah man I feel the same way"
Couldn't believe what she said
Wanted to hit the reset cause she hit the refresh (trust me)

I been workin' on myself
(Yeah it's been no sleep no sleep)
Told me i was someone else
(You don't know me know me)
I'm still me, could you tell?
(Always [?] on the lowkey)
Well I guess I shouldn't dwell

(Come on)

I see the rain rain rain rain fallin' (I see the rain falling)
I hear your name name name name callin' (I hear your name calling)
I'm on my way way way way forward (I'm on my way forward)
So stay off my lane
Oh please say off my
Lane

I see the rain rain rain rain fallin' (I see the rain falling)
I hear your name name name name callin' (I hear your name calling)
I'm on my way way way way forward (I'm on my way forward)
So stay off my lane

Oh please say off my
