Nobody Gotta Know

[Why Don't We](#)

Take the time with me tonight
You should come with me tonight
We can feel the free tonight
Nobody Gotta KnowI've been missin'
I've been crushin' on you all night
I should take you to the moon
It's a long flight
We should chill me and you if it's alright
You should be my, you should be mineSee, i've been trying to find the right way to say to you
That i would walk a million miles if i'm not with you
And there is no one else
That ever could compare to you
Take the time with me tonight
You should come with me tonight
We can feel the free tonight
Nobody Gotta KnowAnd if they try to tell us wrong from right
We'll fix it in the night alive
Cause this is what we are tonight
Nobody Gotta Know
Nobody Gotta Know
Nobody Gotta Know
Nobody Gotta Know
Nobody Gotta KnowI've been missin'
I've been crushin' on you all night
I should take you to the moon
It's a long flight
We should chill me and you if it's alright
You should be my, you should be mine
See, i've been trying to find the right way to say to you
That i would walk a million miles if i'm not with you
And there is no one else
That ever could compare to youTake the time with me tonight
You should come with me tonight
We can feel the free tonight
Nobody Gotta KnowAnd if they try to tell us wrong from right
We'll fix it in the night alive
Cause this is what we are tonight
Nobody Gotta Know
Nobody Gotta Know
Nobody Gotta Know
Nobody Gotta Know
Nobody Gotta Know
