

Music for Love

Mario

Right about now

[Chorus:]

Girl, turn me up
And let me come through your speakers
Blow the sound out of your tweeters
Cause baby girl this is the music for love

Shawty, don't be scared
Just let the bass line hit you
Boom boom
All up in your system
Cause baby girl, this is the music for love

Girl, let my frequency just flow through your body
Get this party started
Cause baby, baby girl
This is the music for love

Put me on repeat, girl
Let's go again and again
No matter AM or FM
Cause baby girl, this is the music for love

[Verse 1:]

Wow, we could play the music loud
Whenever nobody's around
Cause if the sound
It starts to wake up the neighbors
We're gonna have to turn it down, down, down, down

I'm about to have a real eruption
There's gonna be no interruption
Baby, come push my buttons
I'll show you all my functions

Press play and let me start
Fast forward to your favorite part
After we done, hit rewind

And we'll go back to the top

[Repeat Chorus:]

Girl, turn me up
And let me come through your speakers
Blow the sound out of your tweeters
Cause baby girl this is the music for love

Shawty, don't be scared
Just let the bass line hit you
Boom boom
All up in your system
Cause baby girl, this is the music for love

Girl, let my frequency just flow through your body
Get this party started
Cause baby, baby girl
This is the music for love

Put me on repeat, girl
Let's go again and again
No matter AM or FM
Cause baby girl, this is the music for love

[Verse 2:]

I'll keep you moving your body
I'll be the DJ
That turns this private party out

I'll play your favorite song
From my iTunes to your iPod
Girl, I know how to put it on
Computer love

And we'll do this all night long
And you can sing along
Just as long as you sing in my microphone

Oh, you ain't gotta worry about parental advisory
Cause girl, we're grown
And the music we're making, baby
We're making for love

[Chorus:]

Girl, turn me up
And let me come through your speakers
Blow the sound out of your tweeters
Cause baby girl this is the music for love

Shawty, don't be scared
Just let the bass line hit you
Boom boom
All up in your system
Cause baby girl, this is the music for love

Girl, let my frequency just flow through your body
Get this party started
Cause baby, baby girl
This is the music for love

Put me on repeat, girl
Let's go again and again
No matter AM or FM
Cause baby girl, this is the music for love

[Bridge]
Request me on the hotline, yeah
Tell the DJ to play it all night, girl

Baby, come
Let me hear what you sound like
Girl, we in heavy rotation
I'll be all on your station
Let me know

Request me on the hotline, yeah
Tell the DJ to play it all night, girl

Baby, come
Let me hear what you sound like
Girl, we in heavy rotation
I'll be all on your station
Let me know

[Chorus:]
Girl, turn me up
And let me come through your speakers
Blow the sound out of your tweeters
Cause baby girl this is the music for love

Shawty, don't be scared
Just let the bass line hit you
Boom boom
All up in your system
Cause baby girl, this is the music for love

Girl, let my frequency just flow through your body
Get this party started

Cause baby, baby girl
This is the music for love

Put me on repeat, girl
Let's go again and again
No matter AM or FM
Cause baby girl, this is the music for love

Request me on the hotline, yeah
Tell the DJ to play it all night, girl
