

Swinging from the Castles

AWOLNATION

I know, I know, I know

Ok?

I'll just do it later

What do you mean?

When I'm done

Don't forget

Uh, yeah

The kids are

The kids are blowing up the castles

We're trading

Love

And freedom, baby for our hassles

It's not for

Free

It's only free for our survival

The kids are

The kids are swinging from the castles

Swing

Swing

They're swinging from the castles

A tomahawk and a fleet fox

Uproot it please

And let me see the nearest parks

This hit missed

And a karate kid

A remix

This is the end of original content

The kids are

The kids are blowing up the castles

We're trading

Love

And freedom, baby for our hassles

It's not for

Free

It's only free for our survival

The kids are

The kids are swinging from the castles
Swing
Swing
They're swinging from the castles

Holy fires
And mystical minds
The martyrdom dumb dummies
Frequent flyer, go-byers
I cry out
Came, punched April out
Know what version did you get
But the sucker's in the south

The kids are
The kids are blowing up the castles
We're trading
Love
And freedom, baby for our hassles
It's not for
Free
It's only free for our survival
The kids are
The kids are swinging from the castles
Swing
Swing
They're swinging from the castles

Please please
Make the dirty preacher freeze
Please please
Make that dirty preacher freeze
Please please
Let that dirty preacher freeze
Jesus, wrote my lyrical outro with the greatest of ease

Ease, ease, ease, ease

The kids are
The kids are blowing up the castles
We're trading
Love
And freedom, baby for our hassles
It's not for
Free
It's only free for our survival
The kids are
The kids are swinging from the castles
Swing

Swing
They're swinging from the castles
We're trading
Love
And freedom, baby for our hassles
It's not for
Free
It's only free for our survival
The kids are
The kids are swinging from the castles
Swing
Swing
They're swinging from the castles
Swing
Swing
They're swinging from the castles

Love

Love
