

Torn Apart (feat. Rita Ora)

Snoop Lion

I heard him speak but then saw his face
I knew he was the one because I dreamt this day
I was such a beginner on this thing called love
And now he's going away and now I'm torn apart, so torn apart You're one of them, you see me
swear
You pullin' triggers let you slide another day
Say goodbye to the one that got away Her lips were the very first thing that I saw
She flew like an angel and that made me want her more
My reputation says I'm there from love
And now she's going away and now I'm so torn apart, so torn apart.
You're one of them
you see me swear
You pullin' triggers let you slide another day
Say goodbye to the one that got away.
Never let you get away, shouldn't've let you get away
Get away, got away, gotta find another way Never let her get away
Gotta find a way to stay Never let her get away
Never let her get away
Never let her go, you never let her go
Feels like
You see me? You hear me?
Hey!
Biddy bang bang bang
You're one of them, you see me swear
You pullin' triggers let you slide another day
Say goodbye to the one that got away.
Biddy bang bang bang
I say goodbye to
