

# Last Time

Nico & Vinz

[Verse 1: Nico]

I see the stars in your eyes  
And you know you've lost your disguise  
When I hit that with a bang  
When I'm in that you're insane, oh  
(Work it, work it, work it)

[Pre-Chorus: Nico]

In a cave, on the dock, on the roof, everywhere  
Under the clouds when it rains, I don't even care  
Nothing can keep me from your loving, no way  
Climb a mountain long as we got peace  
I can please you on a desert, the bottom of the sea  
No matter where we are

[Chorus: Nico]

Tonight we're making love like our last time  
Like our last time  
Like our last time  
Like our last time  
Last time

[Verse 2: Vinz]

You got what I need, yo, I know it might sound crazy  
But I'm drowning in your sea and I don't want nobody to save me  
Girl, something in your eyes making it hard for me to leave  
So hard for me to leave, you make it too hard for me to leave you, oh  
(Work it, ride it, work it)  
You make it hard for me to leave  
(Work it, ride it, work it)  
You make it hard for me to leave  
Dance on top, on top, on baby, just dance on top, on top  
Dance, don't stop, oh baby, let's dance all night, all night

[Pre-Chorus: Nico]

In a cave, on the dock, on the roof, everywhere  
Under the clouds when it rains  
I can please you on a desert, the bottom of the sea  
No matter where we are

[Chorus: Nico]

Tonight we're making love like our last time  
Like our last time  
Like our last time  
Like our last time  
Last time

[Refrain: Nico]

I call it the two-by-two  
Good lovin', me and you  
I call it the two-by-two  
Good lovin', me and you  
I call it the two-by-two  
Good lovin', me and you  
I call it the two-by-two  
Good lovin', me and you

[Interlude: Vinz & (Nico)]

(Love the way you are)  
(Way you are, nah nah)

[Bridge: Nico]

The way you call it  
The way you got me  
Way you call it  
The way you got me  
(Work it)  
(Work it)  
(Work it)

[Chorus: Nico]

Tonight we're making love like our last time  
Like our last time  
Like our last time  
Like our last time  
Last time

[Refrain: Nico]

I call it the two-by-two  
Good lovin', me and you  
I call it the two-by-two  
Good lovin', me and you  
I call it the two-by-two  
Good lovin', me and you  
I call it the two-by-two

Good lovin', me and you
