

# Genesis

## Dua Lipa

In the beginning, God created Heaven and Earth  
For what it's worth, I think that he might've created you first  
Just my opinion, your body is the one paradise  
That I wanna fly to every day and every night I've been sick and tired of running  
Chasing all of the flashing lights  
These late nights don't mean nothing  
So I just wanna apologize  
I'm sorry, so sorry  
I'm sorry, yeah  
I need your love and I'm dying for the rush  
'Cause my heart ain't got enough  
I need your touch  
This is getting serious  
Tell me that it's not the end of us  
How can we go back to the beginning?  
How can we go back to the beginning?  
Without you, I've got no air to breathe in  
How can we go back to the beginning? Don't matter what's written  
We can start all over again, all over again  
Oh, how can I get you all over my skin?  
My deep intuition tells me that I'm doing you wrong  
If I don't come home  
Just say you forgive me and don't let me go  
I've been sick and tired of running  
Chasing all of the flashing lights  
These late nights don't mean nothing  
So I just wanna apologize  
I'm sorry, so sorry  
I'm sorry, yeah I need your love and I'm dying for the rush  
'Cause my heart ain't got enough  
I need your touch  
This is getting serious  
Tell me that it's not the end of us  
How can we go back to the beginning?  
How can we go back to the beginning?  
Without you, I've got no air to breathe in  
How can we go back to the beginning? You know, I roar like a lion  
For you, you know I'll keep trying 'til the sun stops rising I need your love and I'm dying for the  
rush  
'Cause my heart ain't got enough  
I need your touch  
This is getting serious

Tell me that it's not the end of us  
How can we go back to the beginning?  
How can we go back to the beginning?  
Without you, I've got no air to breathe in  
How can we go back to the beginning?
