

First Time

Liam Payne & French Montana

Montana, you know what it is when you hear that (haan)
I always pick up on the first time, ooh (way up there)
I been hoping you would check on me
I can't stop thinking 'bout the first time, ooh
Yeah, It's like you put a spell on me (ay, ay, ay)¿Cómo Estás?, you make me crazy
I'm seeing red, that's on the daily now
Girl, you a savage, you ain't no lady
You know my style, been smokin' lately, yeahOoh, I'm trying to find it
Get you in private, rush up behind it, yeah
Ooh, don't wanna be friends we tried it
I'm never on silent, yeah
I always pick up on the first time, ooh (ay)
I been hoping you would check on me
I can't stop thinking 'bout the first time, ooh

Ooh, oh no, no, no
Ooh, yeah, It's like you put a spell on meYou brush me off, yeah, you know I hate it

She's a savage like Rihanna
She loves cars, she loves diamonds
She loves stars and watches that be timeless
I'ma put' in my time
I mean really grind, coups that be silly
If that ring around your finger's half a milli
Man we pick up, pick up, when I pull up, pull up
We them boys, boys
Top down but my hood up, ah
Tryna fight it like Tyson, but she snipe me with a rifle
That's the worst thing, pick up on the first ringI always pick up on the first time, ooh
I been hoping you would check on me
I can't stop thinking 'bout the first time, ooh

Yeah, It's like you put a spell on me, oh no, no, noOoh, yeah...

Ooh, oh no, no, no

Ooh, yeah, It's like you put a spell on meOh no, no, no

Ooh, I been hoping you would check on me

I can't stop thinking 'bout the first time, ooh
