

Emergency

James Arthur

[Verse 1]

I've been in this place since they were seen
As they struck, demons sleep next to me
I am closer to the edge 'cause they're reflecting me
I'm a patient and I'm paralysed
Scared they'd tell me I catastrophise
They can't hear me, I internalise, oh no

[Chorus]

See, this is an emergency
Nobody's helping me
Somebody get this out of my mind
There's just no urgency
And I'm in agony
Oh, why is no one listening?

[Verse 2]

But then a hand reached out, told me I was next
Told me I was found and I feel so blessed
And now my heart beats again, my heart beats again
Oh, my heart beats again, my heart beats again
Oh, my heart beats again, my heart beats again
And my girl keeps saying that I'm paranoid
And it's something that I can avoid
I can break this cycle find my voice oh, yeah

[Chorus]

Oh, this is emergency
Nobody's helping me
I gotta this out of my mind
It's such an urgency
To keep on hating me
Oh, is anybody listening?

[Verse 3]

Then a voice came down, told me I was next
Told me I was found and I feel so blessed
And now my heart beats again, my heart beats again
Oh, my heart beats again, my heart beats again

Oh, my heart beats again, my heart beats again

[Chorus]

Oh, this is emergency
Nobody's helping me
Somebody get this out of my mind
It's just no urgency
And I'm in agony
Oh, why is no one listening?

[Verse 4]

But then a hand reached out, told me I was next
Told me I was found and I feel so blessed
And now my heart beats again, my heart beats again
Oh, my heart beats again, my heart beats again
Oh, my heart beats again, my heart beats again
