

Nothing but You

Bob Moses

[Verse 1]

You tell me you're leaving
Your shadow walked beside me
I was believing
We'd follow this through
Started running
You know my trouble ain't far behind me
I finally gave in
I hate that it's true

[Pre-Chorus]

Give me some time
If all our luck has run dry
What have you left to lose?

[Chorus]

Ooo, I don't want nothing
I don't want nothing but you, baby
Ooo, I don't want nothing
I don't want nothing but you
Ooo, I don't want nothing
I don't want nothing but you, baby
Ooo, I don't want nothing
I don't want nothing but you

[Verse 2]

I told myself
What I wanted was someplace else
And the way I felt was better than high
Instead I found
I lose my head if I leave you out
I don't wanna go on without you in my life

[Pre-Chorus]

Give me some time
If all our luck has run dry
What have you left to lose?

[Chorus]

Ooo, I don't want nothing

I don't want nothing but you, baby
Ooo, I don't want nothing
I don't want nothing but you
Ooo, I don't want nothing
I don't want nothing but you, baby
Ooo, I don't want nothing
I don't want nothing but you

[Bridge]

Give me some time
If all our luck has run dry
What have we left to lose?

[Chorus]

Ooo, I don't want nothing
I don't want nothing but you, baby
Ooo, I don't want nothing
I don't want nothing but you
Ooo, I don't want nothing
I don't want nothing but you, baby
Ooo, I don't want nothing
I don't want nothing but you
