

Special Occasion

Smokey Robinson & The Miracles

 Hmm, hmm, yeah
 Special occasion
 Like when you dress up
 In your tie and tails
 Yeah, yeah
 Special occasion
Every time and it never fails To give me a thrill
 That's fresh and new
 Every time I'm kissin' you
 It's something that you do
 That makes every time you kiss me
 A real special occasion
 Like one that calls for
 A toast of champagne
 Yeah, yeah, yeah Special occasion
 Every time and
It's hard to explain How the same old touch
 From the same old hand
 Can make me feel
Like a different man I just can't understand
 But every time you touch me
 It's a real special occasion
 Yeah, yeah
 Special occasion, oh, oh yeah
 Hmm hmm, yeah
Ooh, beautiful music begins to play
 You are the sun
 That brightens up my day
 Why don't you stay
'Cause every time I'm with you It's a real special occasion
 Like when in school
 You get your cap and gown
 Yeah, now It's a real special occasion
 Every time you come around
 Baby, it's a real special occasion
