

Gucci Demon

B Young

[Verse 1]

Girl, no ask me no questions
Cah you give the impression
That you're wasting time
But your eyes tell me different
Yeah, your eyes tell me different, yeah
Yeah, when you stepped in
You're like a blessing
Ooo, the fire got 'em sweating
Girl, you lit up the settings

[Pre-Chorus]

But the way you teasing
Without you meaning
Got 'em catching feelings
Girl, you undefeated
Like a Gucci demon
Shoes in season
Mandem feenin'

You the reason, yeah yeah[Chorus]

Girl, you know you wanna spend the night
Baby, gwan, turn it to the side, mm yeah yeah
We could hit my crib up if you like
Or I'll hit it in the whip and travel light, mm yeah yeah
We can even cruise up in the ride
You can be my Bonnie, I'm your Clyde, mm yeah yeah
Either way, I'm gonna do you right, baby
Don't be stressing, making up your mind, mm yeah yeah

[Verse 2]

Baby, we could take a load off
You can open up and show me what you hold off
Girl, whatever's on your mind, you decide
Baby, how you looking all designer with your clothes off, yeah?

Yeah, you work it like it's Prada, baby
Yeah, you flexing what your mother gave you
Yeah, you ain't gotta try no harder, baby
Blood and mercy, you ain't trying[Pre-Chorus]

But the way you teasing
Without you meaning
Got 'em catching feelings
Girl, you undefeated
Like a Gucci demon
Shoes in season

Baby, gwan, turn it to the side, mm yeah yeah
We could hit my crib up if you like
Or I'll hit it in the whip and travel light, mm yeah yeah

Girl, I see it from your eyes
You a demon in disguise, girl, I'm onto you
And I don't mind if I have to pay the price
Why else would I be tryna get alone with you?
Girl, you need it, the Gucci, boogie
Yeah, you boogie, you killing them softly
Like a dance with the devil, you got me
Don't care what it cost me, mm yeah yeah[Chorus]
Girl, you know you wanna spend the night
