

# All to Myself

Guy Sebastian

[Verse 1]

Your not like any girl I've ever seen  
And it's clear that your no good for me  
But hard as I try baby, I just can't stay away  
So in my mind I play out this fantasy  
That one day you will end up here with me  
But I must be crazy coz I know you're only out to play

[Chorus]

But I want you all to myself  
I want you all to myself  
A little sample just won't do  
I gotta have all of you

All to myself, I want you all to myself  
Now that ive had my own preview  
I gotta have all of you

[Verse 2]

There's a fire in your eyes that can't be tamed  
And I don't know how I got caught in this game  
But somehow you made me feel like  
There is no one else

[Verse 3]

I know that I should know better  
This never will be forever  
But baby I don't wanna share your lovin  
So until the day your mine girl I ain't gonna rest

[Bridge]

So tell me what I gotta say to make you stay  
Coz I bet my intentions clear as day  
Come on baby  
You're like my last piece of candy and I don't wanna share it

[Chorus]

Coz I want you all to myself  
I want you all to myself  
A little sample just won't do

I gotta have all of you

All to myself all to myself  
I want you all to myself  
Now that i've had my own preview  
I've gotta have every little part of you

[Bridge 2]

No one else will do I gotta have all your lovin baby

[Outro]

If you give your love to me  
Baby I will never leave no no no  
You can count on me I gotta have all of you

All to myself, Baby all to myself
