

# Beat It (feat. Chris Brown & Wiz Khalifa)

Sean Kingston

He ain't fly though, he don't even drive though  
(That's why you're calling my phone, and won't leave me alone)  
He ain't even fly though, you ain't gotta lie though  
(That's why you're calling my phone)  
And you're wanting me to get, get, get it Beat, beat, beat it, beat, beat, beat it  
You wanting me to beat, beat, beat it  
Beat, beat, beat it, beat, beat, beat it  
Not a problem, baby  
Beat, beat, beat it, beat, beat, beat it  
You wanting me to beat, beat, beat it  
Beat, beat, beat it, beat, beat, beat it  
[Verse 1: Sean Kingston] (Chris Brown)  
I've been out here looking for a girl like you  
So already settled down and loyal to your dude  
(You got your eyes on me, and girl, he got his eyes on you  
My eyes are on this money and it's nothing he can do) He ain't fly though, he don't even drive  
though  
(That's why you're calling my phone, and won't leave me alone)  
He ain't even fly though, you ain't gotta lie though  
(That's why you're calling my phone)  
And you're wanting me to get, get, get it Beat, beat, beat it, beat, beat, beat it  
You wanting me to beat, beat, beat it
