

Wake the Fuck Up

Skegss

[Verse: 1]

I'm gonna get some booze, 'cause I wanna get wasted
Don't know what to choose, something I haven't tasted
I just can't make up my mind
I'm gonna be standin' here all night

[Verse: 2]

I'm gonna get high, so I can feel spacey
Only gonna run if you're gonna chase me
You just can't make up your mind
I'm gonna be standin' here all night

[Hook]

The party hasn't stopped, everybody's pushing on
Except for me
Yeah, I'm kinda tired
Everybody's pretty wired
I think that I need to sleep
I wish I was raging, but I feel like I'm aging
Can hardly stand on my feet
I should just wake the fuck up

[Verse: 3]

I'm gonna get loose 'cause there's no point pacing
Drinking straight goon, I got nothing to chase it
I just can't make up my mind
I'm gonna be standin' here all night
I wanna find truth, 'cause I'm overrated
What you gonna do stop, stop hesitating
You just can't make up your mind
I'm gonna be standin' here all night

[Hook]

The party hasn't stopped, everybody's pushing on
Except for me
Yeah, I'm kinda tired
Everybody's pretty wired
I think that I need to sleep
I wish I was raging, but I feel like I'm aging
Can hardly stand on my feet

I should just wake the fuck up
