

Go On Without Me

Brett Eldredge

[Verse 1]

Every man has his place in time
Everyone has a loved one that they leave behind
And even though I'm not right there with you
I'm watching from a distance, just wishing that you knew

[Chorus]

I always hear the prayers in your head late at night
I'm walking right beside you when nobody's by your side
I don't want you to cry over my memory
So go-o-o o-o-on without me, without me

[Verse 2]

I hope that it's my love that makes you feel
That you can get back on your feet, yeah I swear you will
Oh you got so much of this life left to live
And I'll be smiling at the thought of you, just like I always did

[Chorus]

I always hear the prayers in your head late at night
I'm walking right beside you when nobody's by your side
I don't want you to cry over my memory
So go-o-o o-o-on without me, without me
I always hear the prayers in your head late at night
I'm walking right beside you when nobody's by your side
I don't want you to cry over my memory
So go-o-o o-o-on without me, without me

[Outro]

Every breath of life is short and sweet
So glad that I'm up here, that I got to see
You g-o-o o-o-on without me
