I Dare You

Kelly Clarkson

There's a wolf that preys
On a world that strays
So far from the GardenAnd just like your own
Every heart you know
Seems cold and hardenedYou may not have the stage
But you still have a voice
You may not have the strength
But if you have a choiceI dare you to love
Oh, I dare you to love
Even if you're hurt and you can only see the worst
Even if you think it's not enough
Oh, I dare you to love
We're all full of hope
Tryna stay afloat, tryna save one another
People let you drown
'Cause they don't know how to stay above waterWhen they're too broken
To know what they've put you through
Do the only thing that you'd want done to youOh, I dare you to love (Dare you to love)
Oh, I dare you to love (I dare you to love)
Even if you're hurt and you can only see the worst
Even if you think it's not enough
Oh, I dare you to love
I dare you to love, ohYou may not have the stage
But you still have a voice
You may not have the strength
But if you have a choice
I dare you to love, even if you can't
No, I dare you to love
Oh, even if you're hurt
And you can only see the worst (Only see the worst)
Even if you think it's not enoughOh, I, I dare you
I dare you
Oh, I, I dare you to love
