

# Stuck on the Outside

Sofia Carson

Nobody ever wants to be alone  
'Cause we all want a friend to call our own  
These days get mighty cold sometimes  
So I guess I'll just make this wish and close my eyes

And I'm wishing upon a star  
That I'll find you wherever you are  
And I just know that special someone's out there somewhere

I wonder what it feels like to fall in love  
Somebody tell me  
'Cause I got a feeling on the inside that I might find it  
But now I'm stuck on the outside, outside, outside  
Stuck on the outside, outside, outside

Outside of love  
Outside of love  
Outside of love  
Outside of love  
Outside of love

There is no place that I won't go  
Because for love I will search high and I'll search low  
All things worth having takes a risk  
If I got one shot, I hope that I don't miss

And I'm wishing upon a star  
That I'll find you wherever you are  
And I just know that special someone's out there somewhere

I wonder what it feels like to fall in love  
Somebody tell me  
'Cause I got a feeling on the inside that I might find it  
But now I'm stuck on the outside, outside, outside  
Stuck on the outside, outside, outside

Outside of love  
Outside of love  
Outside of love  
Outside of love

Outside of love

And I'm wishing upon a star  
That I'll find you wherever you are  
And I just know that special someone's out there somewhere

I wonder what it feels like to fall in love  
Somebody tell me  
'Cause I got a feeling on the inside that I might find it  
But now I'm stuck on the outside, outside, outside  
Stuck on the outside, outside, outside

Outside of love  
Outside of love  
Outside of love  
Oh baby, I'm stuck on the outside  
Outside of love  
Outside of love
